Floral Fantasy

The thematic Floral Fantasy has four diverse garden landscapes, each showcasing a different concept, as well as a 4D multi-sensorial ride, where flowers, artistry and technology come together to create a whimsical experience for the visitors.

Dance

Be greeted by a lush, colourful tableau of flowering plants suspended from the ceiling, which move sinuously in mesmerising fashion at Dance, the first of the four garden landscapes of Floral Fantasy.

Drift

Enter the last garden landscape, a cave-like space that is ringed with terraced rock formations. The semi-enclosed space is set aglow with soft lighting, creating an enthralling atmosphere.
