Visual Qualities

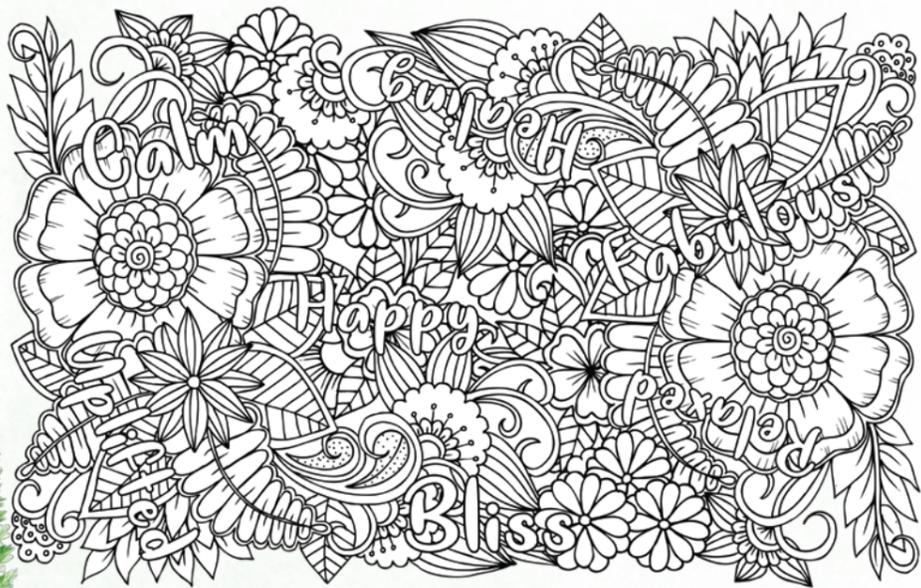

Draw inspiration from Zone 1:
An Upside-Down Rainbow Tapestry.
How would you design your own tapestry?

Design a Tapestry

The Dance of Flowers

Studies have shown that being in nature improves your mood as botanical aromas are calming and uplifting at the same time. While you immerse yourself in Floral Fantasy, look around for features that might play a role in making you feel a lot more relaxed! Spot the words amidst the flowers and colour them in!

A Glimpse into

Floral Fantasy

Creating a Woodland Forest Experience

Softscape (e.g. shrubs, trees, etc.) and hardscape (e.g. benches, footpath, etc.) play a role in creating an experience for its users. What features contribute to the design of this enchanting woodland? Use the space below to sketch the unique qualities of the individual elements that contribute to this zone.

Compare & Contrast

Compare and contrast the plants and landscape features in the Waltz & Drift zones! Observe the similarities and differences in their form, shape, colour and texture. Sketch their qualities here!
