

Annex A: Gardens by the Bay Shuttle Service

The shuttle service at Gardens by the Bay provides convenient access to the Gardens' key attractions – the Flower Dome and Cloud Forest. Plying a 1-km loop, it connects visitors from Bayfront Plaza (near Bayfront MRT) to the cooled conservatories.

New wheelchair-accessible shuttle fleet

From 20 July 2016, visitors can look forward to a more comfortable ride on the Gardens' brand-new shuttle fleet. The wheelchair-accessible fleet, which features a dedicated wheelchair carriage in each vehicle, is sponsored by SMRT. In line with keeping the Gardens accessible, the shuttle service will be free for wheelchair passengers.

Operating Hours

- Daily, 9am* - 9pm
**Shuttle service begins at 12.30pm on every first Monday of the month*

Ticketing

- \$3 for unlimited rides in the same day
- Free for wheelchair passengers occupying the wheelchair carriage
- Tickets can be purchased at the two shuttle stations (ie Bayfront Plaza and Conservatories shuttle station)

The shuttle service complements Gardens by the Bay's extensive people-mover-system, which also includes the Audio Tour (an informative commentary tour of the Gardens) and the Auto Rider (the first fully-operational self-driving vehicle in Asia).
