

**ANNEX B: LANTERN SETS AND COMMUNITY DISPLAYS**

Lantern Set	Description
<p><b>Sky Lanterns (祈福天灯)</b></p> 	<p>“Sky Lanterns” is the largest and tallest lantern set at this year’s Mid-Autumn Festival. Spanning 32m wide and 19m tall, it features over 70 lighted sky lanterns of varying sizes “floating” up three towering Supertrees at the main entrance of Gardens by the Bay.</p> <p>This set is inspired by the popular Chinese sky lanterns or “天灯”, which are traditionally released into the sky as wishes for good blessings.</p> <p>Accompanying the decorative sky lanterns is a scenic mountainscape of flora and fauna such as deers, cranes and pine trees which symbolise good fortune and health. Spot the pair of rabbits releasing a sky lantern with the Chinese character “福”, which means “prosperity”.</p> <p><b>Location: Golden Garden</b></p>
<p><b>Korean Genre Painting (韩国风俗画)</b></p> 	<p>This hybrid lantern display features digitalised paintings by traditional Korean artists Kim Hong-do and Kim Jun-geun set against the backdrop of two <i>hanok</i> (traditional Korean house) lantern frames. The genre paintings depict aspects of everyday life in Korea by portraying ordinary people at work and play during the Joseon period.</p> <p>This lantern set is presented in partnership with Embassy of the Republic of Korea and Korea Tourism Organization.</p> <p><b>Location: The Rose (near Floral Clock outside Flower Dome)</b></p>
<p><b>Rabbits Trail (祥兔之径)</b></p> 	<p>A series of eight adorable rabbit-shaped lanterns in various poses celebrating Mid-Autumn Festival greet visitors at Gardens by the Bay en route to Flower Dome.</p> <p><b>Location: Golden Garden</b></p>

**Community art installations in collaboration with Extra•Ordinary People (异彩•人生)**

These vibrant community art installations are created in collaboration with Extra•Ordinary People, a charity which supports children and individuals with special needs. Constructed from used plastic bottles, these dome-like sculptures measure about 2m in height and width.

**Location: Active Garden (near Bayfront waterfront promenade)**

**AIRMESH**

A recipient of the President's Design Award 2020, AIRMESH is a lantern-inspired pavilion and the first structure in Singapore made of 3D printed stainless steel that complies with building codes and is inhabitable for people. Designed by lecturers Carlos Banon and Felix Raspall from the Singapore University of Technology and Design, the pavilion allows visitors to view Gardens by the Bay from different perspectives, depending on where they position themselves within the structure.

**Location: Near Bayfront Plaza**
