RACE TO SUSTAINABILITY!'S INAUGURAL WEEKEND SUSTAINABILTY FAIR

Race to Sustainability! marks its milestone 10th edition by expanding beyond its traditional student race to engage the wider public with its first Weekend Sustainability Fair on Oct 24 and 25. Through fun, hands-on activities, the community can learn about efforts to build a more sustainable Singapore.

Activity	Date	Time	Venue
Therapeutic Horticulture Workshop: Scents of the Garden Customise, blend and scent your own botanical cleansing bar using ingredients such as nourishing shea butter, purifying cosmetic clays, soothing colloidal oats and upcycled coffee grounds. Pre-registration is required. $25/pax.	Saturday, 24 October	1.30pm to 3.00pm	Ficus Room at Active Garden
Therapeutic Horticulture Workshop: Scents of the Garden Explore restorative qualities of aromatic plants and make personalised incense cones. Pre-registration is required. $10/pax, and workshop fees go to Gardens by the Bay's Gift of Gardens community outreach programme.	Saturday, 24 October	1.30pm to 3.00pm	Ficus Room at Active Garden

Our Warming Planet  Learn about climate change and how everyday actions can make a difference through interactive storytelling and hands-on activities. Plant microgreens and decorate your pot with miniature air-dry clay accessories to take home. Pre-registration is required. $28/pax.	Saturday, 24 October	4.00pm to 5.00pm	Ficus Room at Active Garden
Repair Discovery Come experience a repair activity inspired by Repair Kopitiam. Through supervised hands-on tasks such as replacing a plug and dismantling and reassembling a table fan, the activity promotes Repair as the 4th R in addition to Reduce, Reuse and Recycle, and aims to share how one can extend product lifecycles. This activity is purely experiential, and participants will not take home any final product. No pre-registration required.	Saturday, 24 October	3.15pm to 6.00pm	Waterfront Plaza at Active Garden

A Labour of 'Laksa' Love: The Ocean-to-Plate Story of Laksa Every iconic dish is an ecosystem. Join National Geographic Explorer, Max Han, as he traces Singapore's Siglap Laksa from ocean to bowl, unravelling the ecological networks and fishing communities behind its keystone ingredient, *ikan kembung* (Indian mackerel). Participants will map these interconnected food systems, stress-test them against climate realities, and examine how environmental degradation directly threatens cultural heritage. Pre-registration is required. $10/pax, and workshop fees go to Gardens by the Bay's Gift of Gardens community outreach programme. Participants will enjoy a bowl of laksa at the end of the workshop.	Sunday, 25 October	10.00am to 11.30am	Ficus Room at Active Garden
Therapeutic Horticulture Workshop: Colours of the Garden Create a personalised botanical handkerchief by pounding fresh leaves and flowers onto fabric to transfer their natural colours and fragrances. Pre-registration is required. $10/pax, and workshop fees go to Gardens by the Bay's Gift of Gardens community outreach programme.	Sunday, 25 October	1.30pm to 3.00pm	Ficus Room at Active Garden

Tiny Garden Heroes: An Insect Expedition What are all the different heroes that help make our food? Go on an expedition around Gardens by the Bay's community garden to spot all the different insects and learn about the important things they do in an urban garden. Then, get close to some insect specimens and learn about their biology and how scientists study insects, and reflect on how we can live better with them for their benefit and ours. $35/pax. Pre-registration is required.	Sunday, 25 October	4.00pm to 5.30pm	Ficus Room at Active Garden
From Nature to Colour: A Botanical Ink-Making Workshop At Mercedes-Benz, circular thinking means reimagining materials and finding new ways to keep their value in use — from increasing the use of recycled materials in their vehicles to exploring new ways of designing for resource efficiency, recyclability, and circularity. In collaboration with botanic ink making studio Wild Dot, and inspired by the flora and fauna of Gardens by the Bay, discover how botanical materials can be transformed through the extraction of natural colour into compostable inks. You'll then bring home your own artwork created by the inks you've made, experiencing first-hand how a simple shift in perspective can reveal new possibilities in the materials around us. $25/pax. Pre-registration is required.	Sunday, 25 October	4.00pm to 5.30pm	SG50 Lattice
