

Wetlands by the Bay at a glance

Wetlands by the Bay

The next phase of Gardens by the Bay's development expands the existing Kingfisher Wetlands precinct along the waterfront promenade near Gardens by the Bay MRT station. Spanning 5 hectares, it is a vibrant sanctuary for nature and biodiversity, and sees the debut of teamLab's flagship museum, a new community lawn and waterfront dining.

3x bigger
Expanded from the existing Kingfisher Wetlands

>600 mangroves & coastal plants
Triple the current collection

3,500 sqm
