

ANNEX A

WALK OF LIGHTS – BROUGHT TO YOU BY CHRISTMAS WONDERLAND FAST FACTS

1. The Walk of Lights – Brought to you by Christmas Wonderland features 1,215,600 LED bulbs across nine installations. The entire installation requires 27 days of setup.
2. The 370-metre long walk will take visitors 20 to 30 minutes to complete.
3. The Path of Tranquility is 40-metres long, tunnel-like display made up of more than 60,000 LED bulbs.
4. The Field of Lights is made up of around 1 million LED bulbs and has a total length of 10-kilometres – that’s nearly 60 times the height of the Singapore Flyer!
5. The stunning *Spalliera* is 17-metres tall, and is handmade by Italian craftsmen using white wood from the South of Italy. It takes 11 days to set up and has 96,000 LED bulbs.
6. At 4.5metres in diameter and 3-metres tall, the Wishing Fountain is made up of 3,000 LED bulbs.
7. Visitors at the Cassa Armonica presented by Official Smiles Partner Zenyum stand to win a Christmas Limited Edition- Pink ZenyumSonic™ □ Electric Toothbrush when they take a Christmas selfie with Zenyum’s Smiles Spread Magic Instagram filter. Terms and conditions apply.
8. Walk of Lights features 9 daily sessions between 4 to 27 December. Visitors will have to pre-book a slot before arrival. Tickets are not available for sale onsite.
9. Safe management measures for the event include:
 - a. A maximum of five people is allowed per group.
 - b. Visitors will be required to wear masks, register via SafeEntry and undergo temperature screening before entering.
 - c. The Walk of Lights will also have safe-distancing ambassadors deployed.
 - d. Attractions will undergo scheduled disinfection during the event.
 - e. Each session has strictly controlled numbers to adhere to safe management measures.
10. Official AI Partner Certis will deploy a comprehensive AI-enabled multi-sensory intelligent solution which comprises video and thermal cameras for temperature screening, mask detection, safe distancing and visitor number monitoring at the Walk of Lights. The AI-enabled solution also includes a digital concierge assistant which is able to converse with guests to help answer queries.
